Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

The picture and the description do not match. I was expecting the 4th edition as show in the picture and I received the 3rd edition.

A lot of these EZ play books (as fantastic as they are) do not really have that many songs - I think

this one has the most out of any of these I've used! It's great for variety and familiar songs that are made really simple for the earliest beginner! Fantastic deal!

For children playing the size is ok, but the sole problem is that because of that is not too convenient for me changing the sheets too often just to play 1 song.

This book is great for Beginners that want to play popular music. With names of notes on the notes it makes it easy to play and read. It is fun and encourages kids to play.

A little more elementary than I had hoped. Set it aside hoping that it might be used by my grandson someday.

How dissapointed I was as I received this book by mail.It seemed to be for people with a bad sight!More a keyboardbook, rather than a -voice- piano version.Too bad I couldn't notice this before ordering it.Now it is too expensive for me to send it back to USA.
