Tex

Synopsis

From the best-selling author of *The Outsiders*, S.E. Hinton's *Tex* explores friendships, conflict, depression, self-destructive behavior, and truth and acceptance. This edition includes a new and exclusive Author's Note. Easygoing and reckless, Tex, likes everyone and everything, especially his horse, Negrito, and Johnny Collins' blue-eyed sister, Jamie. Life with his older brother, Mason, would be just about perfect if only he would stop complaining about Pop, who hasn't been home in five months. While Mason worries about paying the bills and getting a basketball scholarship--his ticket out of Oklahoma--Tex just seems to attract trouble. When everything seems to be falling apart, how can Tex find a way to keep things together?

Customer Reviews

Easygoing, thoughtless, and direct, Tex at fifteen likes everyone and everything, especially his horse, Negrito, and Johnny Collins's blue-eyed sister, Jamie. He thinks life with his seventeen-year-old brother, Mason, in their ramshackle house would be just about perfect if only Mace would stop complaining about Pop. Pop hasn't been home in five months. Mace wants to get out of Oklahoma. Tex just seems to attract trouble and danger . . . Suddenly everything's falling apart. Can Tex keep it all together? --This text refers to an out of print or unavailable edition of this title.

I personally couldn't have been more excited to read this book. When I finally got a hold of it I read it as soon as possible. This is one of Hinton's best books hands down. If you're looking through the comments to see if you should order this book, STOP AND BUY IT. thank you

Not the best book I have read but still a pretty good book it has a lot of meaning this book

My daughter loves these books

I read this book as a child so many times, the cover fell off...and I finished it at one sitting again as an adult. One of my favorite authors... appeals to every generation.

My purchase of S.E. Hinton's books have been one of my best purchases. My daughter is 16 and I could never get her to read. I was attending college during the start of her teenage years and she just wasn't interested in reading. Later a friend of mine in college suggested S.E. Hinton and how her writing would intrigue my daughter so I gave it a shot after a year and now my daughter has read all of S.E. Hinton's books and is continuing to read. I'm a very happy mom!PS I wish she would write more books:)

S.E. Hinton successfully makes her characters independent from book to book, and this I feel is a credit to her excellent skill as an author. I enjoyed this book because it made me feel like I was a teenager again.Nicholas R.W. Henning - Australian Author

The book was written well the characters are great and has a mix of love, story and action This was the best book I have read. If you have read The Outsider this is more than just the book for you.

I like how this book kept the plot real and relatable S.E.Hinton's style never gets old, I would definitely recommend it to young adults everywhere.
