Customer Reviews

Access Press is a team of writers from across the United States that travel frequently, and know what you want and need from a guidebook and what you don't like and don't need.

I always find the ACCESS Guides to be the best travel guides overall, and look for them whenever I am about to travel to a new location. So far, I have used their guides to Alb/SantaFe/Taos, Seattle, Montreal/Quebec City, Phoenix, San Francisco, Hawaii, San Diego, and London. I like their format - they are organized by neighborhoods, so you don't have to search around through the book all day; and they have an emphasis on restaurants and shopping, which I find the other guides don't give enough info on and which are my FAVORITE activities when travelling. Also their print is large, clear, and color coded, which also makes it easy to find what you want (restaurants in one color,

shopping in another, tourist sites in another).It's the best guide to carry around each day while travelling.

I agree with the other reviews: these ACCESS guides are by far the best for cities, and I am really sorry there isn't one more recent than 1999 for Santa Fe. I bought more recent guides for Santa Fe - eh. The others are very limited in the scope of information.

I buy and Access guide for any city which I am about to visit. I have found their reviews to be topnotch.I wish they would publish and updated guide to Santa Fe!
