Product Dimensions: 7.4 x 1.5 x 9.4 inches

Shipping Weight: 2.6 pounds (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars 1,291 customer reviews

Best Sellers Rank: #12,734 in Books (See Top 100 in Books) #2 in Books > Teens > Education & Reference > Reference > Dictionaries

Customer Reviews

Since 1937, Merriam-Webster is America's foremost publisher of language-related reference works. The company publishes a diverse array of print and electronic products, including Merriam-Webster's Collegiate® Dictionary, Eleventh Edition America's best-selling desk dictionary and Webster's Third New International Dictionary, Unabridged. Merriam-Webster can be considered the direct lexicographical heir of Noah Webster. In 1843, the company bought the rights to the 1841 edition of Webster's magnum opus, An American Dictionary of the English Language, Corrected and Enlarged. At the same time, they secured the rights to create revised editions of the

work. Since that time, Merriam-Webster editors have carried forward Noah Webster's work, creating some of the most widely used and respected dictionaries and reference books in the world.

For my needs, this Collegiate is a much better dictionary than the more simplified others, such as the dictionaries bundled with Kindle. Its definitions are more extensive and nuanced, especially useful when reading older material where the meanings of words (and the words themselves) have changed over time. Many times I have found the more nuanced meanings of better authors in their selection of words. It is simple to make this the default dictionary in Kindle instead of the bundled one. At its heart, it is a standalone full copy of the Collegiate Dictionary, and can also be fully accessed as a separate book within Kindle. This makes browsing enjoyable, not just of its listings (including such pictures as dictionaries have) but also its supplemental materials. When using it as a writer (I know the word, but not its spelling, nor if I completely understand the word I seek to use) and not as a reader, I would have been more pleased if those who had added electronic usability had also made it more intuitive to those of us with poorer ability to spell by more simply allowing the browsing for a word as is done with a paper dictionary. Yes, the pages are there exactly as they are in the paper version, but, for me, the electronics are not as good as the physical movement of the pages or groups of pages. It might be that adding a line which could be dragged at the top to change the pages displayed would further improve this.

This dictionary reminds me of the one my mom had when I was a kid. The lingo and terms seem present with our generation. This dictionary is good to keep in my library for references.

this one is comprehensive and direct with enough etymological and historical perspective to be useful and helpful most of the time. If it fails, on occasion, I go to another dictionary or the venerable OED. UPDATE: 9/30/13 - I recently purchased a Kindle Fire HD7 and tried to set MW as the default. No can do. Not only that, I downloaded it to my device and it functions only as a book but not as a dictionary. If I try to look up a word, the book gets indexed, and then each and every occurrence of the word I'd like to have defined is listed, but not as a dictionary entry format. So I looked up "fall" and got pages and pages of locations where the word fall is used in the dictionary, whether as an explanatory description, an example, or, yes, a dictionary entry. But the dictionary definition is buried in and among the other uses of the word. Makes me wonder of the thesaurus would act the same? Works great on my Kindle Keyboard where I have set it up as my default and can still use the Oxfords as backup dictionaries.

We need more dictionaries for our middle school students with limited English to use. This dictionary is an updated version of ones we already have. We needed more copies and was happy to see a newer version. Nice book - easy to use.

Had to buy it for class, so the low price was a relief. Studied it good and hard for the 100 point exam on the history, usage, and layout of this particular dictionary for my 100 level english class. Seriously though, it is a good all around dictionary. I was surprised by how much I enjoyed reading the etymologies, very interesting to learn where our words came from.

Very helpful, resourceful, educational, inspiring to any writer & author who struggle with words. This book handy!!

I moved and have been unable to find my 40 year old dictionary. This was such a good price and is perfect. Happy to have a nice new one.

Great Dictionary. Wish they added spelling assistance when looking up a word. And also, the "search" option is located in a weird place. The design or layout needs improving but other than that it is the best.
