Customer Reviews

I have bought these books for my classroom. I teach Pre-K. The three of the books are higher than Pre-Kindergarten level but I think if you want to introduce an artist and his art; you can modify your lesson while using these books.

Using this book to teach about Van Gogh, postimpressionism, "Starry Night" and "Wheatfield with Cypresses" to 5th & 6th grade art students. The only thing I did not like is that the book was starkly frank about Van Gogh's death. Since some of my students have been touched with the suicide of a dear friend in the not too distant past, I plan to reword things in a more gentle tone. Otherwise, the book is great.

I remember reading this book when I was in elementary school and it brought back a lot of memories of the Scholastic book fair. What a great book and series to help introduce children to artists.

The Venezia series of books and videos are absolutely wonderful! We use them in our art history program for schools. I liked this book as it represents the artist well and understandably for elementary aged students.

Excellent book. Mike Venezia wrote the biography in a great way. The illustrations and pictures are amazing. The book also provides a timeline of Van Gogh's life.

Great item for teaching small children about this artist.
