Customer Reviews

This is a fantastic book if while helping your child/sibling/nephew/niece (etc) you wish to expose them to the wonderful world of superheroes! These days you can't go five feet out into the world without bumping into something superhero related and that's not a bad thing! I thoroughly enjoyed reading this book to my little sister and she had a blast as well. She was really into it as she's familiar with the characters from having seen "Avengers" about a hundred times. The story is simple, yet engaging. The illustrations aren't on par with the comic books, but are quiet well done. I highly recommend this book to anyone looking to add a little "punch" to their reading sessions. Excelsior!

Grandsons love this book. We've read it half dozen times in 2 days and it's one of their faves. We didn't know too much about ZZZAX, but it is quite a dangerous entity. It shut down Times Square

and then wanted to consume all of the energy from the rest of New York City. Luckily, the Avengers outsmarted the awesome energy felon and saved the city that never sleeps from complete and total annihilation. We can all thank Capt. America, Iron Man, Incredible Hulk and Thor for saving our Big Apple. We enjoy all the Golden Books Super Hero stories and this book is one of the best.

I am pleasantly surprised by the new LGB releases of super hero books. The stories aren't very violent and the artwork is kinda cool. The reading level of this one is perfect for beginning readers (a sentence or two per page), but way to simple for my 7 year old. He still loves to re-read it though to look at the characters.

Grandson loves the Avengers!

Four year old has enjoyed this book a lot.

This one actually has a story as opposed to some of the other Marvel Golden books. It's not the most recognizable bad guy, but it entertains and teaches about teamwork.

Kids love these books. Good quality, should last through all the kids.

Fantastic book for a super hero 6 year old
