Customer Reviews

A fantastic book detailing the stories of 81 fans from all over the world with 27 additional stories from those who have contributed to the series in various ways. Dragon Ball has inspired millions of people to strive for their goals and in doing so has changed, and even saved countless lives. The painstaking efforts by author Derek Padula have culminated in a project unlike any other. It's a touching and inspiring tribute to the fans who have been with the series since it's infancy over 30 years ago, and I'm honored to be a part of it. Whether you've been a fan since the earliest broadcasts or just tuning in for the first time today, Dragon Ball continues to work its magic and assert itself as a beloved classic.

This is a must-have for any Dragon Ball fan out there! With touching, inspirational, and funny stories shared by fans and voice actors around the world, Mr. Padula has brought to life an absolutely beautiful concept, without a doubt cultivating a sense of community that will be treasured by countless others.

Best book about the DragonBall fan base!

It has been an honor to be a part of this journey with so many others. The chance to share my story in this book has been a blessing. Many people, from all walks of life, have poured out their hearts in this to explain what Dragonball means to them. Whether it is the voice actors of countless dubs, or just folks who are die hard fans, all have a special place in their heart for Toriyama's

masterpiece. Dragon Soul is a beautiful collection of interviews from creators, voice actors and developers of the series, as well as testimonies and submissions from fans. Derek does a wonderful job capturing the story that so many share. Dragon Soul deeply touches how massive of an impact Dragonball has had on so many people's lives. For many of us, myself included, it has been a saving grace, an outlet, and a friend throughout our childhoods, spanning over 30 years and 3 generations. This book is an absolute must read for anyone who has ever been a fan of the series, or for anyone who is just interested in how fandom shapes the lives and personalities of people. It is really funny how something as simple as a Japanese comic can be such a bridge for bringing people hope, as well as finding common ground to relate with each other and build each other up, and to see that so many of us have had the same experience. Dragonball truly ventures out of the world of fiction and into reality within this book that is captivating and heartfelt.

This book is amazing!!...it is such an immense pleasure to read the stories of fans all over the world....and knowing about the db series from the officials like voice actors, it is truly amazing....great work by derek...congratulations for this amazing piece

Amazing read! Whether you're a fan or just looking for something inspiring, you gotta check this out!
