Synopsis

Things have settled down at the Tulsa House of Night since Zoey and the gang closed the tear between worlds and sent Other Kevin back to the Other World. Neferet hasn't stirred. Damien and Jack are falling in love all over again. Stevie Rae and Rephaim are back in Tulsa where they belong. The Depot Restaurant is being rebuilt with the enthusiastic involvement of local humans. A new school year has begun, and Zoey's exchange student program with public schools is really taking off. All is well. But if all is well, why is Zoey increasingly withdrawn and moody? Sadly, Stark is sure he knows the answer to that question. Zoey can't stop thinking about following her brother to the Other World, and Stark isn't deluding himself about why. Of course she wants to be sure her brother is okay. Of course she wants to help defeat Neferet in yet another world and be sure the balance between Light and Darkness is restored. But the real reason Z is so drawn to that other House of Night world is because Heath Luck, her childhood sweetheart, is alive in that world •alive and mourning her death. In *Lost*, we follow Zoey, Stevie Rae, and Rephaim to an alternative version of the House of Night, where dangers take the form of friends and allies are found in the strangest places. Will Z return to our world and leave Heath to his? And if she does, will Stark forgive her for leaving? Find out in the second part of this exciting new House of Night Other World adventure!
