# The Cthulhu Wars: The United States' Battles Against The Mythos (Dark Osprey)

## Synopsis

From the Patriots' raid on the necromancer Joseph Curwen, to the Special Forces' assault on Leng in 2007, this unique document reveals the secret and terrible struggle between the United States and the supernatural forces of Cthulhu. In this war, immortal cultists worship other-dimensional entities, and plot to raise an army of the dead. Incomprehensible undersea intelligences infiltrate and colonize American seaports, and alien races lurk beneath the ice of Antarctica and high in the mountains of Afghanistan. It is only through constant vigilance and violence that the earth has survived. Also included are threat reports describing the indescribable-- humanity's deadliest foes serving Cthulhu and the other Great Old Ones. Strange times are upon us, the world is changing, and even death may die-- but, until then, the war continues. This product is not associated with the Cthulhu Wars tabletop game by Petersen Games, LLC; PetersenGames.com

## Customer Reviews

Kenneth Hite holds a MA in International Relations from the University of Chicago. For the last twenty years, he has worked as a full-time writer and role-playing game designer, contributing to many famous games including GURPS, Hero System, Vampire: The Dark Ages, and Savage Worlds. He has written or co-written numerous books on esoteric subjects such as Cthulhu 101 and Where the Deep Ones Are. He is also the designer and writer of the Trail of Cthulhu role-playing system and its supplements. Kennon Bauman holds degrees in Political Science and History from

the University of South Dakota. He is a professional analyst whose writings on weird history, forteana, conspiracy theories, and adventure gaming can be most frequently found at [www.theilluminerdy.com](http://www.theilluminerdy.com). He lives outside Washington, D.C. with his wife, two children, and dog. Born and raised in Malaysia, Darren Tan grew up drawing spaceships, dinosaurs and the stuff of his imagination, which was fueled by movies and computer games. Inspired by these, he went on to study animation and later graduated as a Computer Animator from Sheridan College, Canada. After a brief stint in 3D animation, he decided to trade in polygons for a wacom tablet. Now he works as a digital concept artist at Imaginary Friends Studios and is enjoying getting paid for his hobby. Apart from his passion for art and all things Medieval he is also a big fan of The Lord of the Rings and Star Wars and enjoys delving into Church history. He now lives with his beautiful wife in sunny Singapore.

Almost a little too silly for my likes. Having an interest in the genre, and being a fan of most Osprey publications I felt it was worth the cost, but not one I found myself wanting to read from cover to cover. I would have enjoyed it more had they kept it to a specific period rather than trying to cover all of the history of the United States, or so it seemed. Personally I think WWI or WWII only would have made it a much better booklet.

Ken Hite, Lovecraft, American History, it's a perfect intersection. My only issue is that he's so good at connecting dots I can't find the line between history and fiction, which makes me go do more research. It's hard to fault a book for inspiring more reading.

Another interesting alternate history read. Good inspiration for Wargamers and RPG Gamemasters who want to involve Cthulhu mythos into their eras.

This is a light alternative history that can be used for inspiration in any era Cthulhu game. I am glad I purchased it.

Another fun Ken Hite/Osprey reimagination of history.

Fun read, I enjoyed it

Reminiscent of Delta Green this book talks about the United States effort's to battle the Cthulhu

Mythos.

A fun read for history buffs and Lovecraft fans alike, this book is a fun read especially for newbies to get started on.
