## Customer Reviews

Hardcover HOLT German 2 Komm mit! student textbook. Copyright 2006.

If youre looking to learn German this isnt the easiest thing to learn with BUT it is possible!We used this in high school and personally I loved it and I know I will raise my kids to speech it as their second language and this book has different little tests and gives you ideas to teach with as well as little tests at the end of each section.Its ideal to use if you know German (or enough to get by) and you want to help someone else learn it or if you need to brush up.

I ordered this book as a second copy so my granddaughter would not have to carry all her school books around - they are heavy!!! After she completes the course in six weeks, she will keep it as a reference book.

It's tough...as German is going by the wayside in favor of Mandarin, the publication of German textbooks is also slowing down/stopping up. This one is decent, but it's old and outdated. It's serving my purpose for the moment, but I think that German language study is in trouble...

it is recommend. very kind and the best seller. New to making homemade bread. arrive on time, i

have bought one before,

as described- quick speedy delivery. Thanks!

:)
