Ángel: A Short Story (Spanish Edition)

Synopsis

The short story for intermediate learners of Spanish that is sweeping the nation. "Ángel" is the story of 19-year old Diego Torres who harbors a secret until circumstances force him to reveal what he's hiding. Poignant, timely, and defying stereotypes and genres, "Ángel" is the story that every student in Spanish should read.

Customer Reviews

I read this book in my college Spanish class. I'd say the book is a bit complex because of the tenses it uses. I personally do not know all of the tenses. The vocabulary in the book would definitely have you looking up words at times. The book is a good book, especially if you believe in mythology and other things. It's for a creative person to read, not just anyone would enjoy it.

I would say that the story was very interesting and was a unique tale. In addition, I felt that it did a good job of assisting us Spanish students read a complex story in the language that can assist any of us that are looking to learn the language further in the future. I'm hopeful that Spanish students at all different schools will read this story and learn from it.

A coming-of-age story in which the Latino protagonist grapples with who he really is. The mystery surrounding the boy's father and the boy's "talent" makes it a real page turner. Simply sweet and poetic in description, with insight into the feelings of an adolescent immigrant living in the United States. Although intended as Spanish learner literature, a good story can be enjoyed by anyone.

Read this book for my Spanish class. Not only was the plot interesting but the language was encouraging to challenge me to read this in Spanish and learn about the language through a book, not a textbook. I thought this was a great way to better my Spanish and I recommend that everyone reads it if they want to better their moderate Spanish abilities.

An excellent read! Students are interested and want to keep reading to find out what happens next. Twists and turns throughout the story cause the reader to arrive at the end delightfully surprised and satisfied by an enjoying read. This is a great resource for language learners, but also a pleasure for anyone who happens to find this treasure.

This story was a great alternative to textbook reading for Spanish class. It is a fairly easy read in terms of understanding vocabulary, but also helps students learn new vocabulary and concepts. Overall the story is coming-of-age and was interesting. I felt very engaged while reading this story in Spanish class.

What a total package! Suspense, real characters to whom millennial university students can relate, supernatural elements, and a positive model protagonist that realistically defies many of the stereotypes of Latinos in the Southwest U.S. All in one place! Well done and engaging! I hope that there may be more stories coming soon!

I read this in my spanish class for the last five weeks instead of a last textbook unit and it was really fun. Not only were we able to continue practicing spanish, but we also got to go through and follow a story which was a nice change from a chapter in a text book.
