Customer Reviews

Love Gooseberry products. I couldn't navigate my year without my pocket calendar!

I get the calendar every year love everything thing about it.

Positive

I really like this calendar; it fits perfectly in my purse organizer's flat outer pocket, has a column to the right for notes and is pretty. The only downside is that the staples don't hold the pages so well. I was trying to page through and must have held on too tight to the page when it just slipped completely out of the "track" or staple and I was left holding August. I ended up finding a stapler that could staple it close to the spine but to July so that it won't keep falling out.
