Customer Reviews

Dan Alfuth, having created and designed numerous lamps, windows, and window hangings, has more than 30 years experience working with stained glass. He has also made appearances at various art shows to demonstrate his craft. Dan and his family reside in Scandinavia, Wisconsin.

Excellent book! Clear and easy to understand information for absolute beginners with no previous experience with stain glass technique and process. Not a comprehensive book (in terms of potential projects), but that is irrelevant.

Simple and easy to use. Very clear examples and some very nice easy projects for the beginner. This is a true beginners book to stained glass work.
