Customer Reviews

I love this book! I bought this when I got married and it helped me understand my biblical role as a wife. I liked it so much I gave my best friend a copy when she got married.

For a couple, this is one part of a great set of books. I've used these for both helping couples and for our family. Highly recommend as a Bible-based / actually helpful guide for any wife/future wife.

Great read. Very straight forward. This book does well at challenging some of the common mindsets and thought processes we as women have. If you read it with an open mind and are willing to become better as not only a wife, but also as a woman, this book is for you. During a rough patch in my marriage, I thank God I found this book. It helped me so much.

I loved this book. It helped open my eyes as to what a wife should be to her husband. It is a wonderful book for wives to read if they want to be the biblical wife that God created us to be.

This is a great book for any woman that is struggling in her marriage. I think it would also be an excellent book for single women to read before marriage. She gives a lot of examples and charts on how to be a biblical wife.

When reading this book I feel as though I'm being disciplined by an older godly woman who knows what it takes to help you change YOU to have the relationship with God (as well as your husband) that you are craving. I would also recommend reading "The Power of a Praying Wife" in conjunction. Praying that this book heals your heart and encourages your soul friend! - Kate

Excellent biblical resource for ladies who are fed up with the shallowness of popular bible studies. Not for the faint of heart - this is for the woman who wants to know God's will and live it out.
