My Radical Encounters With Angels: Angels In The Flesh, Angels Of Protection And More

Synopsis

Have you ever wondered what it would be like to meet an angel? Are you the sort of person who has an active interest in angels and how they can interact with humans? Have you read many accounts of angel visitations in your life? If you answered yes to any of those questions, this book is for you. Come and meet Matthew Robert Payne, a simple man who is down to earth, and who has seen and interacted with many angels so far in his life. Come and read* How Matthew met angels in the flesh appearing as humans and their lasting effect on him.* How Matthew began to see angels with his spiritual sight.* See circumstances where Matthew was protected in dangerous situations by angels.* How he disappeared from plain sight of the people looking for him.* How you, too, can have the faith to meet angels through reading resources that will open up your spiritual sight. Matthew has encountered many angels on his journey through life. He covers some of the more notable ones in the pages of this book. He has mentioned the titles of books where you can learn how to see angels for yourself. This is not a book of theology, nor one of teaching, it is simply an inspirational book for you to read to encourage you that angels are real and whether you see them or not is always up to you. The book's purpose is to encourage and edify the Christians in this world that God looks after those that He loves. Come and read about one such individual.

Customer Reviews

I'm very new to the angel scene. As I've told many people, angels have never been part of my theological vocabulary until very recently when God gave me a word for a man that there were angels waiting to fight on his behalf and they were waiting for his command. Less than a week later he told me that he had been struggling with addictions and he was too tired to fight. He remembered what I told him and he asked God to have them fight for him instead... The power of the addiction left from that point on. He has become a dear friend. This book is filled with testimonies like that. I am encouraged that God does not discriminate but His heart and hope is for us to grow in our destiny as sons and daughters of God

This is a good book, it's fun to read if you are a born again Christian and you enjoy angel experiences. I liked this book much more than the 2nd Angel book by this author. The stories in this book are interesting and you feel like you can't put the book down but you want to keep reading each experience to see what happens and how the angels get this author safely on his way. ***Update*** I must add that I haven't fully read the 2nd book so it's probably not fair to say that I liked that book any less than this one but I read the chapters in the 2nd book about the authors very difficult and trying times, and although it's difficult to read a fellow believer's trying experiences in life I think all believers gain some wisdom by them because we know what to do if we ever go through similar rough spots in the Christian walk. I've also read other books by this author and I think all of his books are very interesting and worth reading.

As spirit-filled Christians we often read books about angelic visitations in the lives of those in ministry. However, what struck me as most pleasing about this book was the honest simplicity with which it was written, and the author's reminder that he is just an ordinary person - like most of us. I loved the revelation about the twin cup bearers. Though it is a brief summary of his experiences, it was enough to impart joy in knowing we all have angelic friends that are sent by God to walk with us through life.

In part I of this angel series Matthew recounts his encounters with different angels. Some of Matthew's stories are enlightening but some of his stories had real danger where he almost lost his life. Thank God angels were there to help him. This book may give you a holy jealousy hoping you could experience engaging in the angelic like Matthew does often. Although we do not worship angels, this book helps you appreciate their role in your life as ministering spirits that help you fulfill your God given destiny on this earth. There is an impartation prayer at the end where Matthew activates the reader to experience the presence of angels if they so desire. Are you ready to partner with them? What are you waiting for, read this book, and command them to fight for you in Jesus name. They love you as much as our Creator loves you.

I've only recently begun reading books by Matthew Robert Payne. He is a prophet from Australia that has been used of God to share what he hears and sees in the realms of the spiritual realm with others who are interested to learn about these realms, too. This book is a testimony of encounters that Matthew has had with angels of different types and classes. I have only seen an angel one time in the physical realm who was just as real as a human being, who shook my hand and gave me a \$20 bill after my wife and I had sung at a Full Gospel Businessman's convention in Georgia. I had by faith given all I had in the offering that night, and before the evening was over, this event happened. When I turned around again to find him, he had disappeared! Matthew shares several encounters with angels that will encourage faith. God protects those who are His and provides for them in times of needs. This is a good book and an easy read in Matthew's down to earth style.

It's a small work. But full of love. I laughed , I cried, and at one particular point --I felt some righteous indignation. I really felt for Jesus. This is a must read. I didn't put it down until it was finished. I also bought 8 more books by Matthew Robert Payne. I will buy the rest soon. I WENT TO HIS WEB SITE AND GOT A PERSONAL PROPHECY for myself, my two daughters and my son. They were all SPOT ON!!! This man will be internationally famous and used by YAHWEH. He will be too busy then for all these prophecies, so you better get one now! Can't wait to get to the next book. I bought some on Kindle and some paperback. I like to hear my books, so I hope Matthew will one day read them on kindle. Bless you Matthew! ã Â Â• These also would make great gifts.

The book is delightful, like having a friendly chat with the author as he tells you of his encounters. The writing style is a bit different for me, in that he gives a brief summary of the chapter, shares the

encounters, and closes with brief thoughts on each encounter. The overall thought after reading this book is a thankfulness for the author's humble heart, childlike faith, and wondrous testimonies. So to Matthew Payne, I say "thank you sir!" for sharing with us.

I just love it so much Matthew as I was reading I was crying because I know it is all true and for someone like me with a strong prophetic nature on the inside and in deliverance ministry I am facing some really hard times right now and this book brings fresh hope to me and encourage me a lot to keep pressing for my breakthroughs and keep seeking God for the ability to see and hear my angels clearly so that I can work with them, this is what is lacking in my ministry. This book is very helpful to me, thank you Matthew for this book and may God continue to shower his fire down on you and your ministry.
