Bang: More Lays In 60 Days

Synopsis

Bang is a pickup book intended for men who weren't born with the natural ability to sleep with a lot of women. The knowledge in this book is powerful enough that it has been targeted by crazy feminists who attempted to ban the book with a change.org petition that was signed by over 200,000 people. Bang contains simple but effective techniques, moves, and lines that teaches you how to have consensual sex with women. It includes: The eight essential beliefs of the alpha male The five critical components of the "vibe", an optimal attitude women find most attractive Tons of natural, high-impact opening lines that work just about anywhere women can be found Best answers to a girl's common questions that heighten the tension and build attraction A technique to get her phone number without asking for it Detailed text messaging strategy that shows you word-for-word how to get dates The one text messaging mistake 95 percent of guys make that kill the interaction A simple trick for the first date that will make her feel like she has known you longer than she actually has Bang goes into explicit detail on how to escalate to intimacy: "Four key moves" to the kiss that are so natural and easy to pull off that the girl won't even recognize them as moves A comprehensive dating strategy so you sleep with her no later than the third date The five magic words to say when you want to get inside her place How to make a smooth transition to the bedroom Seven detailed steps to taking off her clothes The lessons taught in this no-nonsense, no-fluff audiobook aim to help men reach their sex potential based on their existing look and status. The fact that it has helped so many thousands of men since its original publication has made it a target by feminists and social justice warriors who hope to conceal the critical sex knowledge that it contains.

Customer Reviews

Most of the ratings come from people who have never read the book, I have and this book does not deserve this much hate. No where in the book does Roosh condone rape or any shady behavior of that sort. This book has riled up a lot of hate from SWJ activist groups who believe Roosh is a scumbag, they have the right to their opinion. However, They do not have the right to slander the author's name and work because he has views that differ from theirs. There's a difference between criticism and full blown controversy, Bang really isn't that dangerous of a book to be so controversial. The book merely gives men the tools and ideas to improve their confidence and overall relations with women. That being said, I implore readers to give the book a chance, you can get a very clear idea of the book's direction from the first few pages

Hmmm...How coincidental most the low 1 star reviews come consecutively one after another.....Perhaps a feminist group out to bash?? And they are short 2 line non- descriptive reviews??.....RIDICULOUS Don't believe one word of these 1 star reviews. NO WHERE DOES HE EVER MENTION MUCH LESS CONDONE RAPE nor do any of the sexual acts described in this book even look or feel in the slightest bit to be of the non-consensual variety. For a male who struggles with women that picks up this book.....You will learn BIBLES full of truth. This is "the way it really is" and NOT the way it is stuck up in your head. Use these pieces of wisdom and gold and you will not only become better with women but you will also end up a better person.

This is a terrific book. Roosh was very thorough going through every single phase of game. It's a great read no matter your age or experience level with women.

Well written and to the point. Not only a book on getting women, but a great insight to their behavior.

This book will teach you things that are now hidden from seemingly every male on earth. It applies to all facets of a man's life. It truly makes you the best version of yourself!

Good stuff. I feel like a better man already. For better or for worst however, I only travel to Medellin cos there is no saving the women from the western world. It's a total wash.

This book is like a good action movie in that it is a lot more packed with useful information than most PUA books. Although it contains some contradictory statements, it is far better than most of the vague fluff that passes for seduction advice books now that many have seen how profitable this genre is. One minor turn-off is his praise of Mystery, who is the biggest fake in the history of humankind-I almost put the book down when I read that. The only problem I have is Roosh's insistence on indirect game as opposed to a direct approach. The great debate now is direct vs. indirect approach. It seems to me that indirect game is just TOO MUCH WORK and hot air, while Roosh's side says that all the BS and hot air is designed to create attraction. However, if vibe and true confidence can be established by the player, simply approaching and being direct and honest is better, although there is very real technique that makes things easier. What Roosh and the indirect crowd seem to be saying between the lines is that is REALLY BOILS down to a numbers game. What we used to say before PUA even existed-"if you walk up to 100 women that you want and tell them you want to F#!, 96 will slap you in the face but 4 will say yes". Direct game, when coupled with true confidence and vibe will win out over indirect blabbering in the end. However, this book really revealed one thing to me that was killing my game. The idea that the universe is abundant, and the player realizes this while the chump does not. I have to admit that I had a scarcity mentality until I read this. I always consciously assumed that any truly attractive woman is TAKEN and so what's the use of even trying. Someone who's game is tight, however, assumes the exact opposite, that the world is FILLED with hot women and they are there for the taking, as opposed to the notion that they are all taken because they are hot. I think that this is a MAJOR drawback in most guys' game. While the stereotype that you hear a lot, that many 9's and 10's are sitting home alone on weekends and holidays is definitely an overstatement, the idea that they are ALL in happy and fulfilled relationships is equally invalid. However, Roosh does keep it real by saying that many of your approaches will be unsuccessful anyway, but that this should not deter you. Moreover, that you will have hot streaks and slumps. This is what separates this from most PUA garbage, where the "Instructor" acts like he NEVER gets turned down and that NO woman is going to say NO to him. This is called false confidence. Sounds like a mystery.

I found this book easy and fun to read. I plan to keep this book as there was so much useful phrases & information on picking up that I have highlighted. This will keep me entertained for quite some time.
