Customer Reviews

I was a little disappointed. I already own Bakerella's other 2 cakepop books and I was excited to see a Halloween themed book. However there are repeat cakepops in this book that are also in the other 2 books and on the Bakerella website. I was really hoping for all new designs that I couldn't

find elsewhere. This was a bit of a waste of my money. However if you don't have the other 2 books and want an easy reference, this will work for you.

Angie has done it again. Well worth the money. Adorable cake pops to make.

Have made some of these in the past. Praying these cake pops don't end up as Pinterest fails. Will update with pictures soon.

cute and informative.

I enjoy using the book as a resource for making delicious cake pops! Family and friends just love them!

Great book for cake pop basics!

Bakerella is the original, the best, and the most creative cake pop maker there is. I adore this book and every single cake pop design she has shared. The level of detail is sometimes hard for my brain to comprehend, as she thinks of everything! And executes it so beautifully. If you like to make Halloween inspired cake pops and want to have yours be better than the rest, this is the book for you!
