# Hurlbut's Story Of The Bible

## Synopsis

A book which stands in such honor as the Bible should be known by all. And the time when one can most readily obtain a familiarity with the Bible is in early life. Those who in childhood learn the Story of the Bible are fortunate, for they will never forget it. In this unabridged and unedited edition you will find all the principal stories of the Bible, each one complete in itself, while together combining to form a continuous narrative. With 168 stories from both the Old Testament and the New Testament, there is ample material for a full year of reading. Since the book is designed to lead the young reader to the Bible itself, and not away from it, the language of the Bible, or a language somewhat like that of the Bible, has been employed. The Bible stories are made plain with explanation of unfamiliar terms as they are introduced, but the stories themselves are not rewritten or changed. In avoiding doctrinal bias, the author hopes that all denominations of Christians may feel at home in the pages of this book. --This text refers to the Mass Market Paperback edition.

Best Sellers Rank: #18 in Books > Christian Books & Bibles > Children's & Teens > Teens >

Bible Stories #370 in Books > Teens > Religion & Spirituality #4031 in Books > Audible

Audiobooks > Children's Books

## Customer Reviews

I recently bought this book for my Kindle. I have had the original book since I was a child and loved it then. My Mother bought it from a salesman in the neighborhood, and read stories to me often. My little neighbor girl and I asked each other questions that were in the back of the book, and the answers are provided in bold print. Recently after being at a Bible Study at our church, I picked up my old book to read the story of what we had studied, and it was made more clear to me in Hurlbut's story. Then I was curious to see if it was sold on . i was amazed that it was, and I checked it with my

old book and sure enough it was exactly the same, except for the cover. I brought my old book the next week to Bible Study and told about it. Several people have ordered it since. I was sitting by an elderly lady whose father was a minister in the 30's and she said he had sold that book to make some extra money. What a coincidence!! I think it is an easy to understand account of the Old and New Testaments, and wonderful to read to young children. I am glad to have it on my Kindle! I highly recommend this book!

Finally I found the real and complete version and not the junk hugely abbreviated version! If you can figure out how to buy and play the audio, that is a really neat option and my kids will love that! Our hardbound version has some places we have corrected modesty and it includes questions at the end of each story and is divided into 365 days of readings instead of 168 longer readings. There is a separate free book that contains just the questions at this link:

Every Christian and every Christian family should have and read this book! I read it first in elementary school and have loved it for years! The purchase experience was awesome! The book was in perfect condition and I got it so fast!!!

The book, "Story of the Bible" is very well written and helps me to better understand the scriptures. I first began reading the "Story of the Bible" while we were on vacation in upstate New York visiting family. I found the book in the bedroom of the house we were staying in while visiting my sister-in-law. Originally, the book had been purchased by her now deceased mother-in-law. It was a great read, especially since I had failed to bring my own Bible on vacation. I was encouraged by everything that I read from Genesis to Numbers. I now use the book to augment my devotions and Bible study preparations. Hurbert's Story of the Bible

I had this when I was a kid, and I bought it for my children. Now we are on the third generation and I bought the book for my grandchildren. This book does not have the pictures like the previous book did (I think because it is a paperback) but the kids still love to have the Bible stories read to them and it's a great way to teach children about God and His eternal word.

Still my favorite book for the young mind, faithful to original intent of text.

I own an earlier edition of this book and when "The Bible" TV movie series aired, members of my extended family came to me with questions about the stories. It reminded me of my book so I found this later edition on Amazon and ordered four copies to give away to those who showed interest. I also plan to take mine with me when I visit the Nursing Home and offer to read stories to those who are interested. I can also use it in my church for children's story time. It is a wonderful book to get people interested in reading their Bible.

I read the original book, which I inherited from my aunt, when I was a child. It needed repair. When I found this edition on Amazon, I was delighted. I ordered about 8 books for my family. I have now read the entire book and intend to reread it. It is easy reading, understandable, and perfect for adults and children. I received my knowledge of the Bible through this book. It is truly wonderful. Thanks for finding it.
