Customer Reviews

If you are an above average high school player, this book is for you. Start with Volume I, obviously. The book has exercise and examples that are organized to teach you and to increase your playing ability. It's a classic.

This book is a nicely organized systematic way to move early advanced players through a lot of vital material on their way to becoming masters of the instrument. I recommend it. As a plus, it's also very affordable and fun because of the duets contained therein.

Very good practice book for beginners and intermediate.

Glad that i bought this book as it will help me improve my playing. I am glad that i bought it
