## Wolf (Jack Caffery Book 7)

## Synopsis

Edgar Award winner and internationally best-selling author Mo Hayder has made her name with nightmarishly dark, impeccably-plotted thrillers that hook readers from the first page and won't let them go. With her latest novel, *Wolf*, the frighteningly talented Hayder ratchets up the terror yet another notch, with a bone-chilling novel about a family held hostage in their country home. *Wolf* kicks off when a vagrant, the Walking Man, an enigmatic, recurring character in Hayder's fiction, finds a dog wandering alone with a scrap of paper with the words "HELP USA" attached to its collar. He's sure it's a desperate plea from someone in trouble and calls on Detective Inspector Jack Caffery to investigate. Caffery is reluctant to get involved until the Walking Man promises in exchange new information regarding the childhood disappearance of Caffery's brother. Caffery has no idea who or what he is searching for, but one thing he is sure of: it's a race against time. Meanwhile, the Anchor-Ferrers, a wealthy local family, are fighting for their lives, held hostage in their remote home ten miles away. As their ordeal becomes increasingly bizarre and humiliating, the family begins to wonder: is this really a random crime?

## Customer Reviews

This book was amazing! I usually don't read British novels, but this story had me from beginning to end. I was terrified, and emotional to the very last page. I will definitely read more of Hayder's books.

Mo Hayder has a knack for character development that equals that of Elizabeth George. After each Caffrey novel, you realize that while you have answers to some of Caffrey's struggles, you now have more questions than when you started. I hope she eventually lets him find peace, because seeing his pain and guilt increase is starting to become too intense.

I was super excited to find out Mo Hayder was writing Book 7 of the Jack Caffery series "The Wolf" and it DID NOT DISAPPOINT! As usual with her books, I could not put it down! I highly recommend to anyone not familiar with Mo Hayder or the Jack Caffery series to read these! You will be sucked in quick! Starting with "Birdman"! Thank you Mo Hayder!

I wish there was more..... loved it.... cannot put the books down.... good writing, gets you into the story and looking forward to the end, but then sorry it ended....

Always enjoy Mo Hayder. Just love the character Jack Caffery. Her books have an undertone that makes you empathise with the main character. You almost wish you could just take his hand and tell him very gently what happened to his brother. Well done Mo Hayder. This is what a good story should evoke in you.

I highly recommend that you read this book if you enjoy a thriller with suspense and always a great plot from this author!

Following Jack Caffery only gets better in this taut, suspenseful novel with dips and turns. Strong and unexpected, haunting and brutal all at once.

The novel was well written but not very interesting. I have liked the Jack Caffery and Flea Marley characters up until now but am tired of their same problems not being resolved. I will most likely

read more of Mo Hayder in the hopes that will regain the smooth story line some of her earlier novels had.
