## Customer Reviews

A comprehensive and thorough guide written by someone who obviously travelled a lot and learned how to save. This book is a must-read for the frugal traveler - or really anyone looking to stretch their vacation budget. Tips on flights were especially useful. Book is well organized and each chapter gets right to business with actionable insights, advice, step-by-step guides and additional resources. You can jump to whichever chapter interests you which makes it easy to use as a guide.m. It's jam-packed with money-saving advice that anyone can apply on their next holiday or any other travel plans.

I found the book to be both enjoyable and helpful! It is a very easy read, and the flow is great. I liked in particular the combination between high-level insights on traveling (and honestly on life as well)

from one hand, and the super practical tips on the other hand. I already installed the chrome add-on that J.B mentioned which I was not aware of and I'm planning to implement many of his other tips in my upcoming travels! Highly recommend

This book provides you with the smartest tips on how to save money when traveling. I was very impressed with how knowledgeable the author is regarding every little detail to consider when traveling. Thanks to this book, I'm already saving money acting upon some of the great advices provided. I recommend all travelers, no matter where you are and where you go, to read this book! you'll be wiser!

We like to consider ourselves experienced travelers, but we found hints in Vacation Guru which made us think "Why didn't we think of that?". Everyone will find something of value in this well thought out and presented book. I thoroughly recommend it.

Even if you are an experienced traveler, you could use this book. It will save you a lot of money and prevent you from doing mistakes. That way you'll have more money to spend on things that matter like more travels.

I found this book very useful for people like me who spend 10-15 hours online Web researching before a vacation. I loved the screenshots of all the useful website tools and apps.

Great book full of great ideas. A must for world travelers.

If you want to get the most out of your vacation without breaking the bank, this book is a must read! Well written, short and to the point!
