# Jenney's First Year Latin

## Synopsis

Praised by teachers for many years, this format is now easier to manage. Passages are carefully controlled to use only vocabulary and syntax already taught and tested. Reading-skills instruction and translation help prepare students for second-year Latin. Twenty lessons formerly in Level I are now at the beginning of Level II, thereby providing better overall pacing.

Text: English, Latin

The best!

This is simply the best Latin textbook I've seen. It is very easy to follow, with clear explanations and emphasis on the linkage between Latin and English. The background on ancient Roman culture, with nice illustrations, is highly valuable.

great book - wish i could adopt it to use in my classroom, but cost is prohibitive to get here in australia. still, a great resource!

Exactly the same as the book he has at school.

The basics, presented in a logical, easy-to-follow fashion. Do all the exercises and you can't fail to learn the language. Pair it with the matching workbook, and you'll be even more solid. Have fun!

As a Latin teacher....I have found Jenneys First Year Latin , to be an excellent book...that incorporates Roman history and architecture and verbiage in an understanding, clear and fun way!!!

Nice condition and great price for the newer addition of my high school Latin book.

this book is required for my Latin class at college. it is easy to understand and breaks it up in to easy to learn pieces.
