The Hadassah Covenant

Synopsis

The modern-day Hadassah, introduced to readers in the previous novel, is the wife of Israel's Prime Minister, with all its reflected power but also its isolation. The inner pain she feels as her beloved land and people are terrorized by political strife and bombings is made even more personal as her own father comes under attack. And then she learns of information that could have tragic repercussions on Jews living in Iraq, where Queen Esther had laid her own life on the line to save her people. The successor to Xerxes has no love for the Jews, and when he discovers the Star of David medallion on Leah (the young queen's candidate Esther wrote to in Hadassah), he is outraged. Leah is delegated to the "rejected" category, virtually a prisoner for life in the king's palace, with no hope and no future. Will Queen Esther and Mordecai be able to rescue Leah from the "ash heap" of Persian royal tradition? And even if they can, will Leah ever be able to truly love someone after all she has been through?

Book Information

Hardcover: 352 pages

Publisher: Bethany House (November 1, 2005)

Language: English

Customer Reviews

What was "the rest of the story" of the biblical Queen Esther? Could her impact still reverberate through generations to the present? In Tenney's ancient Persia (now Iraq and Iran), the king is brutally murdered, and Esther (aka Hadassah) wonders what her role might be in continuing to further God's plan for her people. It appears it might require aiding her uncle Mordecai in preparing Leah, a lovely young Jewess, for her "audition" night with the new kingâletting history repeat itself. In a parallel contemporary story, the Israeli prime minister's wife, Hadassah (a descendent of Leah),

must delve into the past to resolve a tragic standoff with terrorists who threaten the lives of contemporary Jews living anonymously in the Middle East. This sequel lacks the freshness of Tenney and Olsen's original collaboration, *Hadassah: One Night with the King*. While it's intriguing to imagine what might have happened to the original Esther, too many contrivances stretch the reader's belief (e.g., a toddler with the same name and unusual eyes of Hadassah is conveniently orphaned just as Hadassah discovers she might not be able to have children). Yet the theatrical release this fall of *One Night with the King* should stimulate interest in this book and its predecessor. (Nov.) "(Four Stars) Tenney and Olsen's knuckle-biter has a compelling mystery set in both modern and biblical times." -- *Romantic Times*, December 2005 "Captures the parallels between the lives of Leah and Hadassah... the read is quick with lots of action and adventure." -- Marty Medley, *Armchair Interviews* "The Hadassah Covenant resonates with the thrill of power and Biblical majesty." -- Mellanie Crowther, *The Romance Readers Connection Inspirational Corner*, Jan 2006 "The action and storyline progress expertly... and the characters are interesting... Recommended." -- Tim Frankovich, *Christian Fiction Review* "an intriguing follow-up to the superb Hadassah... fine ancient biblical fiction that will please sub-genre fans." -- *Books N Bytes*

Wonderful rendition of the precious story of Queen Esther! Must be read to understand!

This is the follow-up to *Hadassah: One Night with the King*. Mr. Tenney spins an exotic tale that follows Hadassah through the ages and weaves biblical facts into modern-day politics, making for very enjoyable historical fiction.

Mystery wrapped with history in this amazing story with animated descriptions that make one feel a part of the story. Fascinating characterization and yet allows one to imagine as it should. Amazing! I lived every minute of this book and wished it didn't have to end.

I found this book to be a beautiful love story all the way through. I enjoyed the connection with the old testament of Esther and the results even to today. I heartily recommend this book to all. Cudos to Tommy Tenney

Interesting fictional account tying present day Hadassah with the Hadassah of Purim.

Hadassah Covenant was as good as the original Hadassah novels by Tommy Tenney. His great love for Israel is evident as he weaves together these incredible tales to bring Biblical characters to life.

Love the book. The first book HADASSAH "one night with the king" was really good as well. You really need to read the first book first .It hopes you understand the second book better.Tommy Tenney did a good job.

A very gripping, moving historical account of the life of the Jewish patriarchs who the author has brought to life for our knowledge.
