The Courtesan Handbook

Synopsis

Do you dream of designer clothes, fine jewelry, five star dining, and vacations to luxury resorts? For centuries, certain women have made their living simply by living a fantasy lifestyle. Historically, such a woman was called a "courtesan." Today, women who live this luxury lifestyle, and get paid to do so, are known as "high-end escorts." It is a world that can provide a woman with financial security in addition to glitz and glamour. It has also been a world that few have been able to enter. Until now. In *The Courtesan Handbook*, Arden Moon mentors her readers using her years of experience and a passion for the art of escorting. The author has had enormous success in the industry both before and after the business transitioned into a mainly digital industry. Escorting can lead to an incredible lifestyle for any woman. However, entering the upper echelon and mastering the craft is virtually impossible without the sort of valuable knowledge offered within this book. If you have ever thought about being an escort or are a novice wishing to expand your knowledge and increase the caliber of your clientele, then *The Courtesan Handbook* is your perfect step-by-step guide. You will learn:

- A brief history of the courtesan
- The different types of escort businesses you can pursue
- How to properly advertise yourself and create a powerful web presence
- How to navigate the various online marketing options
- How to attract and maintain the highest level of clientele
- How to remain healthy, happy, and safe while making more money than you ever have before

Essential for every BOSS B*

The book has so many spelling & grammar mistakes it was hard to keep reading. Very basic book, I was hoping to learn something.

Interesting world to read about. Well written.

It was interesting, could have been more informative for the price. But it gives you the basic outline if you are considering the job.

Very well written, great book with enough to get you started.

I Thoroughly enjoyed it. The material was easy to understand and digest. It provided different options accordingly.

Definitely a good starting point for anyone looking to getting into any adult work.

Arden Moon did a fantastic job writing this book! I'm very glad I finally bought it & it was filled with very useful information. If you're starting out this is a must read. I've been in the business for 4 yrs and if I had read this book it would have saved me some lessons & steps! Good luck & thanks again Arden for the great read!
