Customer Reviews

Great bass book for finger exercise And Right hand independence. Lots of great exercises here for your right hand.

Order one. Just do it

I got this for my brother - not sure what he thinks, but he flipped through it and says it seems pretty solid!

Bass Playing Techniques: The Complete Guide (Musicians Institute: Essential Concepts) are one of my best book evert`````````` entertaining?How about a little action? If it makes sense, cut to the product in use

But, really - it was recommended to me by a bass guitar instructor when I told him my right hand technique stunk. I am an absolute beginner and now, after just a few weeks of working on the exercises in Chapter 1, my right hand technique is vastly improved. I did completely misunderstand one of the exercises in Chapter 2. It could have been better explained. But, I can hardly wait to get started.
