Customer Reviews

Before I read The Urantia Book, I loved the story of Jesus in the New Testament, but I had always felt disappointed that it only covered a few years of his life. I wanted to know his entire life story and have it fit into a bigger context. Being born to a Christian mother, raised by a non-conformist Jewish father, and having spent two years in a Catholic monastery, my smorgasbord of religious education had taught me to question everything. How did the idea that Jesus was the only son of God relate to Moses, Buddha and other prophets? And if you were born in India and had never heard of Jesus, would you really go to hell? When I read the section in The Urantia Book about Jesus, I was profoundly moved: Jesus both the human being and the Son of God came alive in the most superbly written biographical literature that I have ever come across. In addition to reframing Jesus

for me, it made me far more respectful and appreciative of my childhood training in both Judaism and Christianity. --Mo Siegel - Founder of Celestial Seasonings Tea Company

Almost nothing is known about how The Urantia Book came to be written. What can be said is that it presents a philosophy of spiritual living that integrates and unifies all aspects of human existence to a degree far exceeding anything previously available. Thousands upon thousands of individuals have concluded that its qualities of thought and expression are beyond the power of human invention but only you can decide if you believe it is a genuine revelation or just an inspired work of fiction.

I was so excited when I received this CD on the Life & Teaching of Jesus and played the first CD right away. I was thrilled to learn that this CD was so easy to listen to. This is published by the Uversa Press, Urantia Book's story of Jesus. I attend a study group of the Urantia Book and at times I have found the reading intellectual and hard to follow. However, these CD's are very easy to understand and the person who guides you through the CD has a WONDERFUL CALM AND EASY TO LISTEN TO VOICE!! When I received the CD's, there are 7 CD's plus a CD MP3 format (which I don't need since I don't know what a MP3 is, much less own one. But I am sure there are many who know how to use this and will find that it contains all the info that is on the 7 CD's all on one MP3.) Getting back to my review, I believe that anyone who has a interest in Jesus and his early life on this planet, would really find the information very interesting. This is one CD that I will listen to many times. I love it!!
