Customer Reviews

This map is the anti-map. It looks as though the author [sic] copied maps from other sources. They are very small with impossible print. There is no street index which is essential for a good city map. Absolutely useless, and I felt cheated.

Absolutely useless set of separate tiny pages each showing a small section of the city. The street names are so small, they are almost impossible to read. I don't know what I'd call this, but it is not a map. Do waste your money on this scam of a product.
