Dragons Adult Coloring Book (31 Stress-relieving Designs) (Studio Series: Artist's Coloring Book)

Synopsis

Soar on the wings of legendary creatures and take a journey into relaxing creativity! Color 31 full-page complex yet relaxing dragon images. Heavyweight paper is superior to that of other coloring books. Designs are printed on only one side of a page -- no bleed-through. Each page is micro-perforated for ease of removal and display of your artwork. Acid-free paper helps preserve your work. Unwind as you color dragons in sunlit skies and deep blue seas. Bring to life mountain dragons, leafy dragons, fire-breathing dragons, Celtic dragons, crystal dragons, forest dragons--a whole fantastical world for colorists of all ages. Book measures 9-1/2 inches wide by 9 inches high. For artists and colorists of all abilities. Designs by illustrator Jane Sullivan.

This is a well made and illustrated adult coloring book filled with 31 designs of dragons of all types: mountain dragons, leafy dragons, fire-breathing dragons, Celtic dragons, crystal dragons, forest dragons, and even a "dragon" fly, too. There is a mermaid, a knight, a castle and more in these designs by Jane Sullivan. Some of the earlier Peter Pauper coloring books were by a variety of artists but this book focuses on only Ms. Sullivan's work. It's a change in focus that I am really enjoying. My husband and I had a bit of a tug-of-war over this book when it arrived (I won) but he has ordered a copy for himself as he doesn't want to share. I think it is an excellent gender-neutral book that will appeal to men and women alike. A few of the designs have intricate

components but they don't look that difficult to color provided you have ultra-fine point pens/markers/pencils and a steady hand. I don't know that crayons would work that well on those particular designs. Other designs are more open and free-flowing and a colorist should be able to use a variety of coloring tools and points with those designs. The pages are a heavyweight of bright white paper that is micro perforated. The designs are printed on one side of the page only and stop well before or at the perforated point. The designs do not merge into the binding area. The paper is also acid-free which means that it will not turn colors with age and all the work you put into coloring the designs should be safe. Additionally, the binding can be pushed into lying flat to give you access to make coloring in this book if you prefer that over taking pages out. The only markers that bleed through on this paper are my Sharpies and Copic's *ƒŒ* so it is probably safe to assume that all alcohol-based markers will have the same problem. None of my gel pens or water-based ultra fine markers bleed through. If you are using alcohol based markers or just for general safety, you can put an extra page of heavyweight paper under the page you are working on just in case some color leaches through. Be sure to check your particular markers/pens to see if there is any leaking for that brand. Peter Pauper Press coloring books are very well made for me as a colorist. The paper is a good quality, the designs are great, and the publisher has printed the book one-sided and perforated. These hit all my points and I am really pleased with their books.

This is a great coloring book! Designs are only printed on one side of the paper. All pages are perforated and tear easily. The paper is thick enough for marker use. The designs are clear, well illustrated and fun to color. In addition, it has DRAGONS. Dragons of every shape, size, and culture. Some of the designs are simple and easy, others a bit more complicated, but all of them fun. This is really what a coloring book should be!

Wonderful Dragons of all shapes and sizes to color. There are cute ones, scary ones, oriental, fantasy, medieval.. They are all here. Great quality paper that has not bled through with the markers I use. I highly recommend this book for you Dragon lovers out there, young and old.

I bought this for my son who likes to color dragons. The pictures in this book are nicely intricate. Each page is blank on the back, which is nice if you want to display them afterward or if you use a pen and you are afraid of it leaking through.

This is a great adult coloring book! So many have large pictures that have no real detail to them but

this one isn't like that at all. I bought it for my 11 year old nephew because I bought his sisters quite a few and thought he might be tempted to join in eventually. I'm not sure if he did as he lives out of state. That reason also keeps me from detailing seeping issues and other important features important to adults using this as an art as opposed to a relaxing hobby.

Good for kid's and adults my GF like coloring in it and share it with her little cousins. some complex and some simple ones for coloring

Very nice coloring book. It was a gift and she lived it!ÃfÃ Ã Å,Ã ÆœÃ Æ'

Beautiful designs. Excellent paper quality. Designs are on one side of the page only. I won't post pictures because there's already a video of the book here. I love it!
