Customer Reviews

These are ordered by publishing date... Does not match the timeline of the stories & how they are meant to fit together.

There are some the latest books missing from lists.

It wasn't worth it because it's not the whole list of books that the author has... I rather just find the books on my own

Not worth the money. you didn't even include all his books. what a ripoff !!!!!Will never buy any of your books !!!!!

I expected a series order to list the books in order but it skips around and is confusing.

I expected more of it i.e. brief summaries

I have thoroughly enjoyed every book he has written, and have found each of them to be hard to put down. I look forward to reading more of his books in the future.

Just a chronological book list
