CDL Study Guide Book: Test Preparation & Training Manual For The Commercial Drivers License (CDL) Exam

Synopsis

CDL Study Guide Book: Test Preparation & Training Manual for the Commercial Drivers License (CDL) Exam Developed for test takers trying to achieve a passing score on the CDL exam, this comprehensive study guide includes: • Quick Overview • Test-Taking Strategies • Introduction • Driving Safely • Transporting Cargo Safely • Transporting Passengers Safely • Air Brakes • Combination Vehicles • Doubles and Triples • Tank Vehicles • Hazardous Materials • School Buses • Pre-Trip Vehicle Inspection Test • Basic Vehicle Control Skills Test • On-Road Driving • Practice Questions • Detailed Answer Explanations Each section of the test has a comprehensive review that goes into detail to cover all of the content likely to appear on the CDL exam. The practice test questions are each followed by detailed answer explanations. If you miss a question, it's important that you are able to understand the nature of your mistake and how to avoid making it again in the future. The answer explanations will help you to learn from your mistakes and overcome them. Understanding the latest test-taking strategies is essential to preparing you for what you will expect on the exam. A test taker has to not only understand the material that is being covered on the test, but also must be familiar with the strategies that are necessary to properly utilize the time provided and get through the test without making any avoidable errors. Anyone planning to take the CDL exam should take advantage of the review material, practice test questions, and test-taking strategies contained in this study guide.

Customer Reviews

You are better off reading your state issued manual

I bought the book for my dad and he loved it. He said it helped him more than the online guides he found. He was able to pass his CDL with no issues.

It was pretty much a exact copy of the Ohio CDL Manual that you can get at the BMV for free. As far as the practice tests, there are questions in the BMV Manual and there are plenty of free practice tests online that are just as useful. In my opinion dont buy this book. I never used it and passed the tests for the CDL-A and all endorsements/restrictions by using the manual and online tests.

Very well written study book. Thorough and ready to read.

I love the layout of the book as it separates each topic very clearly making it much easier to study for this exam.

Full of necessary information for taking the CDL test and maintaining your license.

Have been studying and looking through the entire book and it seems like it will help a lot. Like the fact that it has test questions and the answer keys. And, I really like the detailed pictures of the parts, etc. I'm more of a visual and hands on type person when learning.

This is a great book. With Tips all over on what to do and how to get your license. I would recommend it to anyone trying to get a cdl license.
