Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Excellent book. A tremendous amount of #1 hits from the 50's, 60's, 70's and 80's. It will take some time to play all of the songs. I find the music sheets easily playable on electric piano, bass and accoustic guitar. The print isn't large, but adequate. The hit songs included are way too many to list here. Buy the book; I don't think you'll be disappointed. I'm not.

This is a great buy and to purchase a single copy of 4 different songs, that amount would exceed

the amount I paid for the entire book. This book has a lot of familiar songs and a few that I didn't know.

Great book for out neighborhood sing alongs. Very nice selection of songs. Definitely not a beginner book. I'm an intermediate player. Found the arrangements good, not too hard not too easy. Just right.

Great selection, but more basic to mid level. My son who has played for 12 years found it way too basic, but good songs.

This is a good compendium of all the songs that we think of as "Motown", coming out from 1960-late 70's. I used "Baby I Need Your Lovin'" and "Baby Love" for a baby shower; I'm sure I'll be able to use others for period parties as well. Arrangements are nothing to write home about but pretty easy to play.

Who doesn't care for Motown music and the artists? Can't say enough about this music book.

Maybe it's my fault but this book is way too difficult to read for someone that's used to sight-reading real books. The accompaniment is a reduction of the full band- it's nuts. Great for an excellent sight-reader, though. Good luck!

Great book, newly learning the piano and it has all the songs I loved growing up and then some. Everything in one place, makes it so much easier that I don't have to hunt down all over the internet looking for songs.
