Awesome quick read for my 4th grader. Easy for her to read and understand. I'm very pleased with the product.

My students love these books!

Easy to read, excellent for Beginners. Very brief and detailed, a must read at least once, but for me I may read it once a year! Interesting stuff on Bill about his childhood interests And his success as he grew older, lucky guy!

Good story about the perseverance of a boy genius. I had a TRS-80 when it first came on the market, so, growing up in that era made this story that much more appreciative to read.

This book makes you feel like you are Bill Gates. It is a very interesting story that will make you be stuck in it for hours reading it over and over again. I know you will like it.

This biography showed the main experiences in Bill Gates life. It was pretty interesting, and I would definitely recommend it.

Kids read the series for school AR testing and love the story content and are fast reads.
