Finally, *Fiestas: A Year of Latin American Songs of Celebration*, selected, arranged and translated by Jos -Luis Orozco, illus. by Elisa Kleven, marks the third collection of songs for the pair. This one suggests a song for every month, along with a description of the holiday it commemorates.

excellent book

This musical artist is wonderful! This is a lyrics book only (music CD sold separately). Traditional Mexican children's music is a must have for classrooms who are learning about different cultures.

As a Spanish teacher at the high school and university level, I find that most of the songs are a bit juvenile for my students, but still, some songs can be very useful. The pictures are exciting, and the songs are arranged seasonally. In addition, the music for the songs is included (the melody, at least), which puts this book a step above the rest!
