A Message For My Grandchildren: 16 Things I Want You To Know (The Retiring Mind Series) (Volume 3)

Synopsis

As a grandfather, Robert P. Delamontagne, PhD, knew one thing for sure: he didn't want his grandkids to have to suffer the negative outcomes of poor life decisions. So he decided to write a short guide to life, something he could pass on to each of his grandchildren about the many things he'd learned along his journey. *A Message for My Grandchildren: Sixteen Things I Want You to Know* is that guide, filled with musings, comments, tips, and advice for tackling some of life's biggest challenges and adventures, including friendship, family, and love; humility, passion, and trust; travel, career, and media; and obstacles, problems, and personal responsibility. With great insight, Delamontagne tackles issues that are relevant across generations and provides a starting point for grandparents to have these conversations with their grandchildren. For grandparents wishing their grandkids a happy and productive life, *A Message for My Grandchildren* serves as a compass that leads them toward a life that is nothing short of marvelous. (For ages 11-16)

This is just what I needed to give to my teen-age grandchildren. It's written just like I would write it if I could and, while it may not be said just like I would say it, the 16 "lessons" are to the point and relevant to their lives. I hope they take it to heart and remember what it says when they need to.

Great little book

We bought these for our two grandsons ages 11 and 13. We wrote our thoughts in the covers. Once you read it you will wish you had this "roadmap" for life when you were younger.

Gave to my Grandchildren for Christmas!

Absolutely wonderful

What a great read and really helped to put into words many of the things I have said and meant to say to my 4 grandchildren. The topics chosen are definitely from the experience of the author and have real meaning. We have all heard from our children that "as I get older you get smarter" and this applies to this books. The world would be greater if the teachings of this book were applied. Thanks to Dr. Robert Delamontagne for writing such a useful and interesting book.

A great book, not just for grandparents, but for parents. My three older children (12, 12 and 14) and I each read a chapter a day and discussed the topics and what it meant to them. A good way to create a dialogue around topics that as a parent, you don't want to miss and want to constantly reinforce.
