Excellent well written and informative book. Don't let the "Dummies" title fool you. This book is full of good information that would would helpful to any beginning screenwriter, or veteran writer who just needs a little reaffirmation about the changes and rewards of the screenwriting process. I would recommend it to anyone in the writing field, whether they're doing a screenplay, novel, short story, etc.

It's all it advertises. Very easy to follow.

This is an excellent and thorough book. I still use as a reference guide. Excellent insight and guidance on the entire process. The information is presented in a good format and easy to follow. I recommend it!

Informative read

I needed this

An excellent and inspiring book! Being a novelist who is thinking about entering into the Screenwriting business, I found it indispensable.

A real comprehensive help into writing scripts. Very informational and complete

Excellent "starter" book for screenwriting. But if you're serious, get "The Screenwriter's Bible by Trottier--it has more detail and examples.
