KEYTOPICS: Structured around the three main phases of writing - focusing, supporting, and
reviewing, For Argument's Sake helps readers find and focus a claim, identify an audience, work
through the support process, and then refine and polish their argument. Numerous sample
arguments illustrate the principles and strategies. This edition features new coverage of conducting
and evaluating electronic research and additional writing samples. For those interested in improving
their critical thinking, reading and writing skills. --This text refers to an alternate Paperback edition.

Very useful for writing.

The seller said that the book was in "very good condition" and it wasn't. The book was "okay", in the
way that it had all the pages. However, there was a lot of highlighting in it and the overall structure
of the book wasn't that good. The book was some what damage.
