Customer Reviews

Dave Brethauer designs rubber stamps for the renowned Rubbermoon Stamp Company and is the owner of Memory Box Stationery Company.

I was expecting a more advanced book but all in all it is a very helpful and informative book. Tells you how to do some thing and then tells you what to expect "if", so that is helpful. All in all a good beginner's watercolor manual.

I ordered this book(let) thinking it was a new book by Dave (whom I love). Sorry to disappoint... If you own his very first watercolor book, this booklet is merely an excerpt. I am returning it. It would be really helpful if would mention this kind of information along with the book...

i think it was kind of disappointing . i am not a watercolor artist but love to rubberstamp and I wanted to have more knowledge on the basics of watercolrs.This book shows easy projects and nothing to

dazzle you with.

This is for a beginner in both water color and rubber stamping. It has nice ideas about both with technique and samples. Anyone that has done either stamping or water color painting will gain nothing from this one.
