Hello there! I am Brian, James your Canadian writer from Russia. Confusing already? I was born on the 24th of January 1990 in Moscow to a Canadian couple who had immigrated to Russia. As Canadian as I am I am fairly Russian too because I was raised in Moscow till 2001 where I returned to my â ^mapleâ ™ roots. Academics were always a sore spot for me since I was not quite fond of mathematics or science; and history was incredibly alien to me. The only things that interested me were sports and reading. Thanks to my mom who taught me how to read as soon as I could make out the alphabet I developed a voracious appetite for literature and simultaneously for fitness as well. Along with these passions I love food. I loved learning about food and the effects each foodstuff had on the human body. I yearned to combine fitness and food so with great pleasure I enrolled in the University of Prince Edward Island in Charlottetown to pursue a degree on Food and Nutrition. Today I have joint my three obsessions together: food fitness and prose to present to you my books that detail everything that you will ever need to know about each topic. 1) Essential Oils and Aromatherapy for Beginners 2) Ketogenic Diet: 20 Recipes for Healthy and Beautiful Life 3) Intermittent Fasting: The Easiest Way to Burn Fat and Gain Muscle 4) Paleo Diet: Paleo Diet for Beginners Lose Weight and Get Healthy And A Lot More!!! Thank you for taking the time to peruse my work. May you have a wonderful healthy life ahead of you. Good luck!

This book contains proven steps and approaches on how to lose weight with the aid of Paleo diets without endangering ones health in the process. In this book I have learn a lot of useful information like what exactly is a paleolithic diet, why it is very successful in weight management and a lot more. But the most important is after reading this book I have now a clear idea of what this diet is all about.

This is a very good introduction to the Paleo Diet. There is plenty of information and also a number of easy to follow recipes. The Paleo system is well described and highlights the considerable benefits of following paleo diet. Recommended to anyone interested in starting this diet system

This books gives the essentials of the diet alongside a particular supper plan and a long list of recipes. The directions are clear, straight forward and simple to follow. This book will help many individuals like me who needs to carry on with a healthy and cheerful life. SO I think everybody should grab a duplicate for themselves. If you need to get in shape and be healthy, attempt Paleo!

Great read. Well written and loaded with incredible data and some amazing formulas that keep you feeling full and satisfied. This is one of the great books to change our way of life to sound nourishment propensities. The author clarifies nuts and bolts of paleo eating routine, which are anything but difficult to follow in our day to day life.

Eating healthy is one of the best ways of living a healthy life. This book is a introduction to Paleo diet and the benefits of going paleo. It explains the different types of Paleo diet (with examples) and also gives Paleo recipes that you can enjoy. Great health book.

I've been looking for a dieting plan for a while now. This diet really appealed to me, and the book did an excellent job of bringing me up to speed on the paleo diet. It's full of meal plans which are really useful, and it has so many great recipes. I highly recommend.

A Very impressive cookbook containing awesome recipes that are best for your family. The recipes listed herein could also help a lot especially in losing weight. Thank you so much to my friend for sharing this book.

What I like most with this Paleo Diet for Beginners is that the recipes are dedicated to healthy dieters. I am a busy woman so having this helps me a lot to plan for my daily meals while still going for a fit and healthy body. I'm really glad to have this copy.
