Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including *The Search*, *Black Hills*, *Tribute*, *High Noon*, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

My GOD, I loved this story! It's tough finding a true blue romance that isn't soft porn with plot as an afterthought. Not knocking it...Okay, maybe I am. But dammit, there's nothing like being so SUCKED into a story that you can't put it down. Literally can't. Parking your car a block away from your kids' school with the windows rolled down, seat reclined and a stash of snacks so you can read right up until the last possible second. Maddy is one of my favorite characters ever. This story is Devine. Every character stands on his own, the descriptions were evocative, the dialogue was witty,

hilarious, heartbreaking...moving. Just...read this book.

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's, and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have a Nora Roberts book in your library collection!!!!!!

The second chapter of the O'Hurley triplets is Maddie's story. A true free spirit, she is really a chip of the old block. Her life path has led her to Broadway where she has thrived. When she bumps into (literally) the financial backer of her current play she is bowled over. And Reed Valentine (gotta love that last name) is intrigued and smitten. But of course, love has to take the bumpy road. And there are potholes aplenty. Opposites attract, but they aren't guaranteed a happy ending. As in the Abby's story, the family makes an appearance for opening night in a show of support. Again, a setup for chapter three. I enjoyed this one because of Maddie. It was easy to identify with her. I cannot say the same for her love interest, Reed. I understood where he was coming from, but had a lot of trouble empathizing with him. Overall, a decent continuance of the saga

I like this series a lot. I can't seem to put them down and end up reading each in a day!

With our youngest graduating and moving out of the house, I decided to start reading again. The kindle was a gift for this purpose. For some reason I started reading books by Nora Roberts and love them. I realized that there is an order to each family series and now read them in the right order so that I get to know each family member really well. The O'Hurley family is a favorite. I really like how each character, in this case Maddy, is presented in a way that you feel as if you know this person and you always get to visit again with the other family members that you have already read

about in the series. There are such strong family connections in each of Nora Roberts' books and this is no exception. I always look forward to the next book in the series and usually dive right in. This is a good read and sets up beautifully the next in the series, Skin Deep.

This has been the best nora roberts I have ever read and the best romance novel I have ever read. It is absolutely beautiful. Thank you nora roberts also for all the other great books you have written.

Always entertaining books by Nora Roberts. Enjoy all the stories.
