Tao Te Ching

Synopsis

Traditionally attributed to Lao Tzu, an older contemporary of Confucius (551 - 479 BC), it is now thought that the work was compiled in about the fourth century BC. An anthology of wise sayings, it offers a model by which the individual can live rather than explaining the human place in the universe. The moral code it encourages is based on modesty and self-restraint, and the rewards reaped for such a life are harmony and flow of life. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Customer Reviews

"It would be hard to find a fresh approach to a text that ranks only behind the Bible as the most widely translated book in the world, but Star achieves that goal. . . . As fascinating to the casual scholar as it is for the serious student." -NAPRA ReView "Jonathan Star's Tao Te Ching achieves the essential: It clarifies the meaning of the text without in the slightest reducing its mystery." -Jacob Needleman

Tao Te Ching, also commonly known as Lao Tzu, is perhaps the most important of Chinese

classical texts, with an unparalleled influence on Chinese thought. This bilingual edition consists of two parts. The English text in Part One is a reprint of the earlier translation of the so-called Wang Pi text, first published by Penguin Books in 1963. Part Two is the fresh translation of a text which is a conflation of two manuscripts of the Lao Tzu, dating at the latest from the early Western Han and discovered at Ma Wang Tui in December 1973. The result is a text with a fuller use of particles, free from the scribal errors and editorial tampering of subsequent ages. --This text refers to an out of print or unavailable edition of this title.

As with so many books, we endure the scholarly and erudite reviewers who claim to know which text and translation is the most recondite, the most accurate, the most true to the original. I don't know about all that. I know Lao Tsu was so important to Asian culture and life, and I know this book makes me feel whole again with each reading. I slow down, and his true words align the iron filings in my heart. Let the educated debaters go on with their "Ten thousand things" arguing about translations and meanings. They miss the point. Get this book, make some tea, turn off the incessant rattlings in your brain and the screens in your home and relax to ancient wisdom that has influenced millions of hearts and minds for thousands of years...

Best translation I have come across for westerners. CAVEAT! This specific edition is the "pocket" version. If you want the standard paperback version or hardcover, then this is not the one you're looking for. Having stated that, the Tao is one of the true classics of Eastern philosophy and remains one of the simplest, yet most profound works in human civilization. Stephen Mitchell's translation is at once poetic and literal. I think it is the best translation since it was first published in 1988.

the best Tao Te Ching translation. ive read a lot of different translations but this one is my favorite. it lacks the colloquial tone of some and the awkward prose of others. it's consistently good throughout. this is one of my favorite books of all time, buy it or borrow it. the hardcover version is so pretty to look at, read and enjoy

I picked up this book because of a recommendation in a very inspirational book I read by Dr. Wayne Dyer (may he now rest peacefully...your wisdom will live on!). I found the Tao very easy to read, & yet...very difficult to grasp! I have read & re-read it many times now. "The Tao is all & nothing, in doing nothing you achieve all." It's a lot to grasp. But each page is worth meditating on, as each

lesson really has lifelong practicality. A lovely book, beautiful illustrations, & so quick & easy to get through. You could really read the entire thing in a short sitting! But then, go back & take your time...absorb it...there is so much being said in the short paragraphs. Happy journey!

Each of the many translations of this Taoist classic has its own slightly-different spirit and meaning. If you're new to the Tao Te Ching, this is a good version to read, and you'll probably feel it was time well spent. The original text contains many mystical, paradoxical statements which pose certain translation challenges, as well as some passages that were intended as advice for powerful rulers that seems cynical, not spiritual. For instance, the first thing the text tells us that the Way that can be told is not the Way, which can sound ridiculous if badly expressed. And we're told that rulers should do as little as possible to avoid conflict, and should keep their subjects' brains empty and their stomachs full to prevent them from rebelling. This version works harder than some others to make the whole thing seem understandable, beautiful, and spiritual, and it largely succeeds. I don't read Chinese and am not a scholar, so I don't know which translation is most accurate. This one is pleasant and has beautiful pictures. I use it sometimes in the morning as part of preparing for the day.

For English speakers, the Tao Te Ching can be known only through translations. This makes the skill and heart of the translator extremely important. The connotations or context of a Chinese idiom, if literally translated, can confuse or even defeat the true meaning. This edition of the Tao Te Ching is accessible and full of life. Moreover, idioms such as "straw dogs" are not left in a literal form that may make them confusing or confound the purpose of the passage. At the same time, the Tao Te Ching in my humble opinion is a multi-faceted work. One of the intriguing things about it is that in the Chinese it is open to several different interpretations, which may all be correct in a sense. Those of us who do not read or comprehend ancient Chinese instead must read the translations. Another favorite translation is Mitchell's, which draws on his experience with the Tao Te Ching's grandchild, Zen. I also enjoy the more literally translated version from D.C. Lau, published by the Everyman Library. This translation by Star is very worthwhile, and might be the best single version.

My husband, our grown daughter & I started a spiritual renewal group amongst us. This book is a great way to begin. We choose a reading, meditate on it (which often leads us to other related materials) and journal about our experience. Then we meet as a group to discuss our experiences. This book, this version of The Tao Te Ching: 81 Verses by Lao Tzu (of which there are literally

hundreds of versions in print,) easily lends itself to such a group format. It is also excellent for individual study as I often find myself doing when the others are not available. There is no beginning and no end, just choose a verse and you're offThe book is well-sized for taking along in a briefcase, handbag or a large pocket for going to work or the park, or where ever. The verses are short with a brief follow-up to help get you started on your meditation journey for the day.I would highly recommend this book for the above reasons as well as the quality of the book and its price. , as always delivers quickly and efficiently (especially if you're an Prime Member -- free 2 day shipping on any "Prime"-designated item.)

This little book is literally pocked-sized and quite perfectly so. I brought it with me to USMC boot camp and it conveniently fit in not only my trouser pockets, but also my front breast pockets. Its beautiful metaphors helped me clear my mind and aided me as a distraction through the tougher times during training. I highly recommend it to anyone who appreciates a peaceful philosophy with symbolic metaphors on the go.
