Norwegian Volunteers Of The Waffen SS

Synopsis

Featuring 1,000 unpublished photographs, this is the first book about the 4,500 Norwegian volunteers in the Waffen SS. Written by Geir Brenden and Tommy Natedal - who has researched the Norwegian volunteers since the 1980s - the book is based on Geir and Tommy's large photo archive and covers the various fronts where most Norwegian volunteers fought: the Caucasus, Leningrad and Karelia. Also covered in detail are the formations in which the Norwegian volunteers fought: Division Wiking, Freiw. Legion Norwegen, 1, 2 and 3 Police Company, The Norwegian Ski Company, Skijegerbataljonen and Regiment Norge.

Customer Reviews

It's difficult to come to terms with Norwegians joining the German SS, but the authors commit it to history in this fascinating study, right down to the legions in which these 4,500 men fought.

Incredible. -- Paul Norman Books Monthly

Geir Brenden was born in 1971. Educated and working in the security industry for more than 18 years, he began researching Norwegian volunteers in the Waffen SS when he was 16 years old. He has published the following books: Norske frivillige på Østfronten

Great book. Lot of pictures. Covering all the Norwegian units in the Waffen SS.

BD-w DJ///9 x 12"///1 3/4" thick///523 glossy pages///984 BW photos///27 color photos///13 color

recruiting posters///5 maps/// Fantastic ---hope this helps,,cap

Great addition to the history of Europe during WWII. These young men were both the heroes and the victims of the politics of their time.

This is a magnificent book! It's all photos.About 500 pages worth.Covers 8 different units that were Norwegian,that served with Waffen SS.I haven'tfinished it ,yet.But in format , size [”12 1/2” x”9”] ,context and workmanship,magnificent!!! J....of.....R xxx

My copy of this excellent book by Geir Brenden and Tommy Natedal arrived a few days ago and I just finished reading it. This book is BIG, 523 pages in large format. I was expecting a big book of photos only with minimal captions. The content of this book is very well organized. There is an extensive amount of text in both English and German throughout that help place the photos in context. The English text is perfect in contrast to some of the work that I have seen by other translators who do not understand military terminology. The many photos of individuals were of high resolution and correct exposure. The captions for these photos was very good with the individual being identified along with some personal information about the soldier. Unfortunately, some of the group photos were a bit darker than they should have been and the publisher should have put more effort into improving those photos. I learned some new information from reading this book and I am glad that I bought it. Congratulations to Geir and Tommy for producing such an excellent piece of work that sets the standard for other authors wanting to produce similar books about other national formations of the Waffen-SS such as the Danes, Dutch, Estonians and Latvians. Highly recommended!

I have several of Geir Brendens books and they are all written with the same passion! Geir Brenden is famous in Norway for his works and his heavy research in the national archives and of course his impressive private collection.This book is just like the others.Full of gems for the WW2 history lover!PS You will love it even if you are not Norwegian!

Excellent book with many new (to me) photographs of this specialized subject.
