## Synopsis

Idyllwild, California, is an extraordinary mountain village. On weekends and holidays, it hosts a flood of visitors. Many are drawn by its reputation as an arts community; more come simply to savor the serenity of the surrounding forested wilderness. Residents treasure Idyllwild's quiet isolation from the trappings of suburban life and its sense of familiarity and community, a throwback to small-town America early in the 20th century. Modern technologies keep Idyllwild in touch with society at large, but the village has avoided the industrialized recreation and tourism that has urbanized so many ski and lake resorts. Idyllwild's character stems historically from its striking recovery from the depths of the Great Depression and World War II. Contemporary photographers John Drake and Rebecca Frazier lead a tour of the Idyllwild area's familiar places and events, while writer Robert B. Smith illuminates their significance with explanatory text and comparative historic images from the archive of the Idyllwild Area Historical Society, illustrating both continuity and change.

## Customer Reviews

"The idea for the book originated in 2013, Frazier said. She and Drake have been digitizing the museum's photo collection for several years and then got curious about the contemporary view of some of the historic locations. The book includes 44 photos of historic structures, as well as many landscape views." Idyllwild Town Crier

JOHN DRAKE and REBECCA FRAZIER are freelance photographers and videographers who have

worked as "FrazierDrake" for ten years. They publish a blog covering mountain life, events, and landscapes (MyIdyllwild.org). Both came to Idyllwild at age seven and have lived there full-time since 2001. ROBERT B. SMITH is a scientist, prize-winning essayist, newspaper columnist, and history writer. His lifelong acquaintance with the San Jacinto Mountains drove him to settle permanently in Idyllwild in 2001. This is his third book on the area.
