Great thank you

I am a college, voice professor, and I am constantly looking for new anthologies to provide my students with performance options for competitions, auditions, and performances. It is frustrating because all of these Broadway anthologies are a bit repetitive, and I am tired of paying \$30 to buy a handful of different songs. Not a bad book, but if you already own a couple anthologies don't waste your money.

Purchased as a gift and was perfect.

There is a large variety of musicals in this book. Its nice that there are so many different ones specially a few non common ones.

Great addition to my library! Good wide selection for my students to choose from. Also great fun for parties.

excellent value

So disappointed in that over half of the songs are piano accompaniment versus stand alone pieces that you can play for your enjoyment. Had I known this ahead of time, I would not have purchased it.

Bought these as a gift. I received great reviews
