Heal The Earth (A Julian Lennon White Feather Flier Adventure)

Synopsis

Take a journey to help the Earth in the second book of the New York Times bestselling trilogy by Julian Lennon! Jump aboard the White Feather Flier, a magical plane that can go wherever you want. Just press a button printed on the page, and point the plane up in the air to fly, or down to land it. The Flier's mission is to transport readers around the world, to engage them in helping to save the environment, and to teach one and all to love our planet. This time, bring medicine to people in need. Dive below the ocean to bleached coral reefs. Visit the city to cultivate green spaces. Help the rain forest return and give its animals a home. Explore the planet, meet new people, and help make the world a better place. An inspiring, lyrical story, rooted in Lennon's life and work, with beautiful illustrations that bring the faraway world closer to young children. The book includes words to a new, special poem written by Julian Lennon, specifically for Heal the Earth. A portion of the proceeds from book sales will go to support the environmental and humanitarian efforts of the White Feather Foundation.

Customer Reviews

Praise for Touch the Earth "I've always admired Julian Lennon's singing, because for all he has seen of the world, his melodies contain such childlike wonder... his words too. Buy this book, and his words turn into actions." --Bono "It's rare to find a beautiful book that speaks directly to kids, in both a playful and thoughtful way, about something as important as caring for our planet and all of

its inhabitants. Touch the Earth combines this magic with true hand-to-page interactivity deftly woven into the narrative (and illustrations), creating a story I believe both kids and adults will want to read over and over again." --Laurie Berkner "When a book takes you on an adventure, it's a good thing and allows you to think about something in a new way. When a book also reminds us how to treat what we have, it's even better because it's a win win. That's exactly what Julian has done with his book... he's given us a Win Win." --Whoopie Goldberg "Lennon's debut picture book, the first in a planned trilogy, asks readers to hop aboard a magical airplane, the White Feather Flier (a name inspired by his father and his own environmental and humanitarian foundation), and go on a 'helping adventure' to protect the planet's oceans and water supply. [The illustrations]... have a sweet-natured directness that may light up younger eyes." --Publishers Weekly
