Scrumptious Muffins: Sweet And Savory Muffin Recipes (Volume 1)

Synopsis

There is nothing like waking up in the morning to a wonderful hot moist muffin. You can smell the wonderful aroma through out your home, which couldn't be more wonderful in my world. Everyone has a favorite flavor, for me it's a blueberry crumb topped muffin. Why buy muffins at the bakery for three dollars each, when you can make a whole dozen for that price at home. With my Scrumptious Muffin recipe book you can save money and have hot delicious muffins anytime at home. Not only will you have great breakfast muffins, but also some savory, delectable dinner muffins as well. Also, you can top these wonderful muffins with the great butter spread recipes at the end of the book. With my recipe collection your house will have the wonderful aroma of piping hot muffins, that your family will love to wake up to. I just started to bake again and this is such a nice little book with delicious, easy to make recipes. Lots of tasty ideas to try. This would be a great book for a beginning baker, which I feel like after not having an oven for 11 years. I like that it is available on Kindle for a really low price.

Muffins (Sweet and Savory Muffin Recipes, Butter Spreads) Very pretty pictures of muffins of all types. It states this is not a low sodium, low calorie or low fat cookbook from the start. I learned also that chocolate chips can be coated in flour so they don't sink to the bottom-I knew that with blueberries, just never thought of it with chips. Great combinations of different flavors that sound very appealing. Easy to cook and these are a favorite of ours when traveling by plane as there are no crumbs - they are not messy. Blueberry/Lemon would be my favorite. Liked looking through the butter spreads but I'd never make any of them myself.

Every meal from breakfast to dinner can be made better, simply by adding some kind of muffin. Why stop at just a packaged 'English Muffin' for breakfast. Make some of these and really enjoy the first meal of the day. The savory muffins make great additions to lunch and dinner as well.

I thought I was getting a muffin book, but what I ended up liking almost as much were some of the recipes for spreads, wasn't really expecting that. And there are a variety of both sweet and salty muffins, a very good and varied collection. You won't be sorry if you get this book!

Book okay

The recipes are simple with few ingredients. I had all the ingredients on hand for any recipe I chose. I would recommend this book to anyone who loves to bake and loves delicious muffins. The condiment recipes at the end are an added bonus.

I've only tried one recipe so far, wild blackberry muffins (I used fresh blueberries) and they were divine! I can't wait to try them all! I'm tossing all of my go-to muffin recipes for this one book.

I bookmarked almost every single recipe in this book. All of them sounded yummy and easy to make. They have readily available ingredients without weird exotic stuff you cannot find.
