Customer Reviews

There are quite a few good recipes in here that I'd make. The big problem that I have with this book is when you're reading it the grammar is incorrect. Does this person not have an editor, a proofreader? Are these books self published? When you're reading a book written in this manner, it makes the recipes seem less credible.

Nice book!

Happy!

I don't party much but I love food that is good and easy to fix so I really like this cookbook and I hope you enjoy it as much as I do. Thank you

good

Lots of ideas for something different to serve and if nothing else, it will give you ideas to change up some of your current apps. For the Super Bowl I actually used 3 'new' snacks and they were big hits. This is a book I will use often!

The recipes in this book were very good.
