Dave Gibbons an English comic book artist and author, best known for his collaborations with writer

Alan Moore, including the seminal WATCHMEN graphic novel and the SUPERMAN story "For the Man Who Has Everything." He was an artist for the UK anthology 2000 AD, for which he contributed a large body of work from its first issue in 1977. For DC, he has written GREEN LANTERN CORPS and RANN-THANAGAR WAR.

I splurged on this and feel like I got burned somewhat on the price. I'm glad I have it, but it's not a classic. Caveat Emptor is something all comic fans know.

As always happen with batman's comic and predator, excelent work, even for 90's standard.

I am really glad to have all three of the stories collected here, and on good paper. Came from slightly munched but now I don't have to worry about keeping it pristine. The artwork ranges from very good to excellent in all three stories. There is a nice progression thought each stories, both in the Predators, the context behind their visits, and how the Batman responds to each challenge. The stories are written with plenty of action, lots of it, but not too much of the mega-testosterone over the top 90's stuff so into vogue by the third story in the series. The inking and coloring for the first story is so much better than my original collected edition graphic novel, because all the line work isn't bled into a very dark background. Definitely worth it, whether you have never read them, your original collected editions are wearing out, or you just want a beater copy.

Dont know why I ordered this...
