Customer Reviews

Arguably the greatest jazz drummer of all time, the legendary Buddy Rich exhibited his love for music through the dedication of his life to the art.

Excellent method to learn, review and practice the rudiments. I played the drums many years ago and I'm able to use this method to relearn and it has been very effective and enjoyable.

excellent rudiment book for beginner and intermediate

Just as described.

The book is awesome

Lots and lots of writing in this one. In the middle you start getting into the rudiments. Good stuff. DVDs are a cool addition, but I wish there was a CD!

Ted , makes it very real, and shows you how to play the rudiments,,,,, he has a good way about showing you,,,,not like a lot of other teachers and drummers,,,,,he breaks it down, and it a good book for any drummer , any caliber , if he has not done his homework, and learned the rudiments..... we should all have started here,,,,,,than on to all the other so called "bibles } you know , they all start with the letter "s " I could have been a contender , if I had learned this book 50 years ago.....
Tom

Great book. Takes students into the drum basics, without which it would be hard to become a good drummer.

Great great great
