Customer Reviews

I'm new to this mindset and way of focusing on a particular goal. If there is anyone that is on the edge about pursuing a vision this book can give the tools necessary to complete the task.

I am a huge supporter of the Law of Attraction!!! This book exercises it to a t!! Highly recommended!! Great Job Justin!!

A wonderful little book that gets right to the point.

I've read a lot on the LOA, and with studying one can become paralyzed. Which I was. This book for me was more about action. Daily action, mental action towards my goals/vision. Thank you Justin Perry & Costas Sarris for helping me to get off my a** and PERFORM!!!!

I love the fact the book provided keys tips on using the law of attraction in a short and convenient way. I really like the different quotes from celebrities which kept my attention.

Quick but awesome read. I am equipped to change my life! I would def recommend not only this book but the others this author has written.

No excuses for not reading this book. You'll finish it in less than 30 mins and be armed with the knowledge of how to change your life.

Just got done reading this, so I will find out if this work .. thank you! So much I hope it works
