I purchased this book after seeing Joseph Christiano on a T.V. talkshow. I was amazed that

someone with type O blood would actually benefit from red meat. We hadn't had red meat in our diets for ten years when I purchased the book. Since, my husband and I both are type O I wanted to check this out. We have now started eating grass-fed red meat almost daily. Our blood work is better...unreal. We both have lost 15 pounds each, over several months. Joseph Christiano has developed diet and exercise programs for Miss America, Miss USA, and Mrs. America pageant winners. He has made me a winner with the upper-body fat. I would recommend this book to type O blood groups that are interested in losing weight around the middle. Meme "grateful granny"

The information in this book enabled me to drop my cholesterol from over 300 to under 200 in 6 weeks! My doctors were amazed!

Since eating according to my blood type I have more energy during the day plus body aches are less intense. Food recommendations are tasty too.

It explains how blood type determines certain genetic factors innately determining certain sensitivities that positively and negatively affect each of us. This book goes into more detail about the O blood type.

Very helpful and informative. I could tell the difference in my energy level within 7-10 days. I'm excited to take this on as a lifestyle change.

Great book, arrived promptly A wealth of information A must have for those with type O and O- blood type

The original is better. The religious content doesn't improve it's usefulness at all.

Quite informative. Felt a difference immediately! Bloating disappeared and visible difference (stomach) with weight loss.
